

Use an egg box, attach some ribbon or foil on top, draw a key hole, add decorations and keep your treasures inside!

Digging activity: You might be allowed to dig in the soil in a part of your garden to see what you can find or you could search for "treasures" hidden in a sand tray or indoors you could look for "hidden treasure" in a bowl of rice or pasta. (treasure could be coloured shiny paper, shells, other shiny items)

Biscuits: Make an oyster biscuit. (Pearl in the teaching)

Break a plain biscuit such as Rich tea in half, make up some icing sugar into a paste. Put a marshmallow in between the 2 biscuit pieces and use the icing sugar to "glue" the back of the biscuit together. Or 2 biscuits and coloured icing as below, the "pearl" is a marshmallow
